Meeting Minutes

May 10, 2021

Discussion was held regarding SALDO Chapter 390, Section 59.H. Applicant still refining the waiver request. Discussion was held regarding SALDO Chapter 390, Section 50.D(4) regarding basin depth. Applicant is proposing to spray stormwater back onto the land to meet stormwater requirements. Applicant looking for consistency with the NPDES permit. Discussion was held regarding SALDO Chapter 390, Sections 50.D(5) & 390-55.E(3) requesting a waiver to allow 2:1 slopes where consistent with geotechnical design. Geotechnical study does show that some areas allow for a 2:1 slope, with 3:1 in other areas. J. Tresslar recommendation the Planning Commission wait until the geotechnical study is received.

- Incline Village Townhome Project – JLS Surveying & Viktor Kolesnyk, Pennsylvania Properties LLC. Proposal to construct four townhomes as part of original approved Mountain's Edge development from 1977. Discussion regarding property details and ownership.

Applicant was present to discuss the structure of the legal ownership property versus the existing townhomes. Requested direction as to how to proceed with the development. L. Pereira stated that, in looking at the title commitment and policy, there is nothing specific that identifies the access rights that the townhomes have to cross over applicant's property to get to their individual lots. There needs to be an established right to get to those homes. L. Pereira stated the Township will need the obligations of both parties identified on a plan moving forward and an agreement between the existing HOA and Incline Village confirming the obligations of both parties. The Township needs the access rights defined across the applicant's property.
